Subject: Modified Pretreatment Ordinance of the SMSD for approval

Hello Jonathan,

Attached is the modified Pretreatment Ordinance of the Springfield Metro Sanitary District. The format is the original document with additions made in red, and deletions notated in red strikeout. All limit changes are based on the Local Limits calculations that were previously submitted. The Table of Contents has not been revised yet, as page numbers, etc. will change when the red strikeout is removed.

We would like you review this document and give tentative approval to the changes we have made. When we receive the tentative approval, we will draft documents to be sent to affected industries and published in the local paper for public comment. We will send these documents to you for approval prior to publication.

Thank you for your attention to this matter, and please let me know if you need any additional information.

Linda Verhulst
Technical Supervisor
Springfield Metro Sanitary District
3000 N. 8th Street
Springfield, IL 62707
